Spring 2023

SPOTLIGHT ON ... The Doughertys

Neil and Ana Dougherty are the new owners of Unit #2. Neil and Ana have been married since 2004 and have four children: Caroline (16), Thomas (14), Robert (11) and Amanda (8). Ana is originally from Fortaleza, Brazil, while Neil grew up in Sunnyvale, CA. Neil went to UCSD and then got his Master's at University of Chicago. Ana got her Bachelor's in Business Administration from the University of Fortaleza in Brazil. Then as an adult she got an Associate Degree in Nursing from Evergreen Valley College in San Jose, CA then a Master's in Nursing from USF. The family now lives in Santa Rosa, CA. Neil works for a tech company (Keysight Technologies) in finance and Ana is a Registered Nurse, but because of their large family, she is a stay-at-home mother.

Neil and Ana met at a dinner party in Foster City, CA in November 2002. It was love at first sight! They dated for a short period of time and then Neil proposed in March 2004 in Paris by the Eiffel Tower. They got married in a chapel in Las Vegas by "Elvis" (they have pictures to prove it!) in April 2004, and then had a huge Catholic unforgettable wedding in Brazil in November 2004 that ended Brazilian style – very, very late at night!

Their Tahoe history is as follows: Neil's father purchased an empty lot in "Talmont Estates" in the 1960's. Unfortunately, by the time he was ready to build, his plans were derailed by TRPA and the lot sat empty for 30+ years. When Neil finished school, he made a family agreement and split the purchase of a small cabin in Tahoma with his two sisters and their parents. That cabin has been their shared Tahoe home since 1998, but they have always dreamed of being on the lake.

Their first boat was a canoe picked up at a local Tahoe garage sale for \$75, but in 2019 they finally graduated to a Cobalt which has been kept in the racks at Obexer's for the last four summers.

Access to a boat slip, the tennis courts (Ana is an avid tennis player if anyone is looking for a match), gym and pool were significant drawing points for Fleur du Lac, as were the unbelievable views and a homeowner association that handles the snow. The kids are hoping the snow is plowed in a way that creates a first-class sledding hill. They are looking forward to meeting all the other owners, learning more about the history of the property, spending lots of time on the water, barbecuing and playing in the snow!

Dredging 2023

Upcoming 4th of July FDL Happenings

Friday, June 30
